Scrivener 3 for Windows: From beginner to published author
(Scrivener 3 - from beginner to published author) by Robert Roughton

★★★★☆ 4.6 out of 5

That's where this book comes in. **From Beginner to Published Author** is the complete guide to writing, editing, and publishing your book using Scrivener, the popular writing software.

What You'll Learn

In this book, you'll learn everything you need to know to write, edit, and publish your book, including:

- How to choose the right topic for your book
- How to develop a compelling story
- How to write clear and engaging prose
- How to edit your book for errors
- How to format your book for print and eBook
- How to create a cover that will grab attention
- How to market and promote your book

Whether you're a complete beginner or you've written several books before, this book has something for you. It's packed with practical advice and step-by-step instructions that will help you take your writing to the next level.

Why Scrivener?

Scrivener is the perfect writing software for authors of all levels. It's powerful enough to handle the most complex writing projects, yet it's also easy to learn and use.

Here are just a few of the benefits of using Scrivener:

- It's a single-source solution that allows you to write, edit, and format your book in one place.
- It has a powerful outlining tool that helps you organize your thoughts and ideas.
- It includes a built-in spell checker and grammar checker.

- It supports multiple file formats, including Word, PDF, and ePub.
- It's available for both Mac and Windows.

If you're serious about writing and publishing a book, then you need Scrivener. It's the best writing software available, and it can help you take your writing to the next level.
