

Harry War: The True Story of the Soldier Prince

By Robert Lacey

In the annals of the British royal family, Prince Harry stands out as a unique and compelling figure. Unlike his elder brother, William, who is destined to be king, Harry has always been free to forge his own path. And he has chosen to do so in the military, where he has served with distinction in both Iraq and Afghanistan.

Harry War is the first in-depth account of Harry's military career, drawing on exclusive interviews with the prince himself, his comrades, and senior military figures. It is a gripping and revealing portrait of a young man who has found his calling in the dangerous and demanding world of war.

The book begins with Harry's early days in the Blues and Royals, the prestigious cavalry regiment that has been home to many members of the

royal family. Harry quickly proved himself to be a natural soldier, excelling in both horsemanship and marksmanship. In 2007, he was deployed to Afghanistan for the first time, where he served as a forward air controller, directing airstrikes against Taliban positions.

Harry's experiences in Afghanistan were both harrowing and life-changing. He saw firsthand the horrors of war, and he witnessed the courage and sacrifice of his fellow soldiers. He also developed a deep understanding of the Afghan people and their culture. In 2012, Harry returned to Afghanistan for a second tour of duty, this time as an Apache helicopter pilot. He flew numerous combat missions, and he was involved in several firefights with the Taliban.

Harry's military career has been marked by both controversy and praise. He has been criticized for his outspokenness and his willingness to break with royal protocol. But he has also been praised for his courage, his dedication to his troops, and his commitment to the causes he believes in.

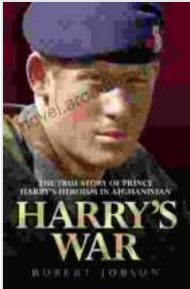

In *Harry War*, Robert Lacey provides a fascinating and intimate portrait of a modern-day royal at war. It is a story of courage, sacrifice, and the enduring bonds of friendship. It is also a story of a young man who has found his place in the world, and who is determined to make a difference.
